Two (2) copies of Building Plans Attached:                      [   ] Yes                      [   ] No, not needed

A contractor or a rental property manager doing renovations in a residential building constructed prior to 1978 should read the lead-based paint pre-renovation education rule booklet from the E.P.A. Read this booklet carefully and follow the regulations in order to limit your potential liability (booklet available at the Village Office). Effective January 1, 2002 the Village of Clinton will enforce the Radon Mitigation Requirements of Appendix F of the 2000 Michigan Residential code. The Village of Clinton is located in a Zone 1 county. Section 23a of the state construction code act of 1972, PA230, MCL 125, 1523A, prohibits a person from conspiring to circumvent the licensing requirements of the state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subjected to civil fines. Inspection Notice Time: Minimum 24hr. advance notice, with 48 hr. inspection guarantee-(no inspection on weekends).

I/We do hereby swear that the information provided is true and correct to the best of my/our knowledge. The Village will rely on the information submitted to be accurate and will typically base its decision on this information. Wrong information could alter the Village's decision. If the information is subsequently found to be erroneous and alters the decision of the Village, the applicant and/or owner may be held responsible for taking the necessary action to bring the property into compliance with zoning, building, electrical, mechanical, and plumbing codes.
